

Auto Jump Starter & Mobile Power

Model: CJS60

Up to 2.5L Gasoline and 1.5L Diesel

CJS60 Auto Jump Starter & Mobile Power is powered by a special designed High Rate Discharge Lithium-Polymer Battery, providing great power in a small portable package. Designed with the patented safety protection technology, we ensure your safety when jump starting your vehicles. The jump starter can help you start up a car with a dead battery, and can also serve as a mobile power to charge your devices or a LED flashlight.

Mobile Power

10 Protection

LED Flashlight

4 Lighting Modes

① Connect the Cable to your Jump Starter and your vehicle battery.

② Press the Jump Start On/Off Button to turn on the jump starter. Remember to check the power status (At least 75% power/3 LED lights on).

③ Observe the Status Indicator and the LED 1 and 2 display a constant green light, begin jump starting your vehicle.

④ Disconnect the Jump Starter from the car battery.
