

# LED Flashlights & Headlamps

## MODEL SF115 & SF113

# SHELL LED PENLIGHTS

Designed to provide bright directional light, Shell LED Penlights are perfect for use in closed spaces or whenever you need extra light.

## FEATURES

- Compact – easy to fit in small pockets.
- Multi-light modes – select your desired light setting for different applications.
- Portable – compact design and pocket clip make it easy to carry around.
- Water resistant – IPX4, built to withstand water splashes.

### SF115 Focus Beam Penlight

- Adjustable focus – adjust from a wide flood beam to an intense spot beam.
- Convenient – tail cap switch for easy operation. Rubber bite cap allows hands-free use.

### SF113 Rechargeable LED and UV Inspection Penlight

- Multi-functional - Integrated COB work light for added visibility and UV inspection light to detect fluid leaks.
- Convenient – magnetic clip allows hands-free use.
- USB rechargeable - powered by LiPO battery.

## MODEL SF114 & SF122

# SHELL LED FLASHLIGHTS

Shell LED Focus Beam Flashlights are designed with durability and versatility which provides light for use in any situations, indoors or outdoors.

SF114

SF122

## FEATURES

- Adjustable focus – adjust from a wide flood beam to an intense spot beam.
- Multi-light modes – select your desired light setting for different applications.
- Convenient – rubberized tail cap switch for easy operation.
- Water resistant – IPX4, built to withstand water splashes.
- Durable – light weight aluminum construction.

### SF114 LED Focus Beam Flashlight

- Portable – compact design and pocket clip make it easy to carry around.

### SF122 Rechargeable LED Focus Beam Flashlight

- Turbo mode - 1000 lm light output for critical situations.
- Dual Power - can be powered by rechargeable Li-ion battery or alkaline batteries.
- USB rechargeable.

## MODEL SF123 & SF124

# SHELL LED HEADLAMPS

Shell LED Headlamps are perfect for auto repairs, home maintenance, running, hiking, and bicycling. They cast light wherever you need it and keep your hands free

SF123

SF124

## FEATURES

- Multi-light modes – spot light, flood light and red light options. Select your desired light setting for different applications.
- Safe and secure – red light improves night vision and helps to see in low-light situations. It is also a tool for emergency signalling.
- Water resistant – IPX4, built to withstand water splashes.
- Adjustable light angle – direct light to the area where light is needed by adjusting the headlamp at different angles - 0°/ 30°/ 60°/ 90°.
- Hands-free – comfortable anti-slip head band keeps your hands free or fasten the Headlamps with the hardhat clips.
- Accessories include head band and hardhat clips.
- Drop resistance - up to 2M.

### SF123 LED Focus Beam Headlamp

- Powered by 3 \* AAA batteries - simple and easy to use

### SF124 Rechargeable LED Focus Beam Headlamp

- Dual Power - can be powered by rechargeable LiPO battery or alkaline batteries.
- USB rechargeable

## MODEL SF125 & SF126

# SHELL LED MULTI-PURPOSE LIGHTS

Versatile, dynamic, and efficient, Shell Rechargeable LED Multi-purpose Lights provide high quality bright light for your specific task and location.

## FEATURES

- Multi-light modes – select your desired light setting for different applications.
- Convenient – strong magnetic base and a hook in the base allows you to install your light conveniently.
- Water resistant – can be used indoors and outdoors.
- LED power indicator – indicates when your battery needs to be recharged.
- USB rechargeable – powered by Li-ion battery.
- Drop resistance - up to 2M.

### SF125 Rechargeable LED Swivel Head Flashlight

- Swivel light - 90° rotatable light head.

SF125

SF126

### SF126 Rechargeable LED Multi-Purpose Flashlight

- Swivel light - COB work light rotates 180° vertically and 360° horizontally.
- Power bank - built-in USB output to charge electronic devices.
